Dear Laura,

Your lovely July 29 letter (with twenty cents!) has arrived, and I hasten to reply.

I always enjoy receiving money, and I appreciate your dimes, which I put right in with my other money to spend on myself. But I can't think of a reason why you sent it to me--is it just a present? If so, I can sure use it.

I look forward to your visit to our house, so we can play games. You're pretty good at games, you know--Martha was surprised to learn that you play Battleship already, and quite well. UNO is a good game, too, but we don't have it here.

Our trip to the gas station and dollar store was really fun, I thought. You knew just what to get!!!

Love,

David V. Seaman

Grandpa
